## SPRING CLEANING

The housewives are busy brushing cobwebs from the attic, sweeping dust from the corners where it is hidden, throwing out the junk that has accumulated during the winter, and generally cleaning house.

Wouldn't it be worth while for all of us to do a little "cleaning up"? This is a good time to brush the cobwebs from the brain, to get rid of old and obsolete ideas that aren't worth storage room, to take down the heavy, dark draperies from the windows of our souls.

Winter is reactionary and senile; Spring is progressive and youthful. Let's discard cold, wintry pessimism for the optimism of Spring. It is time to think progressively, talk progressively and act progressively.

## NEWEST OF THE NEW

# These Summer HATS

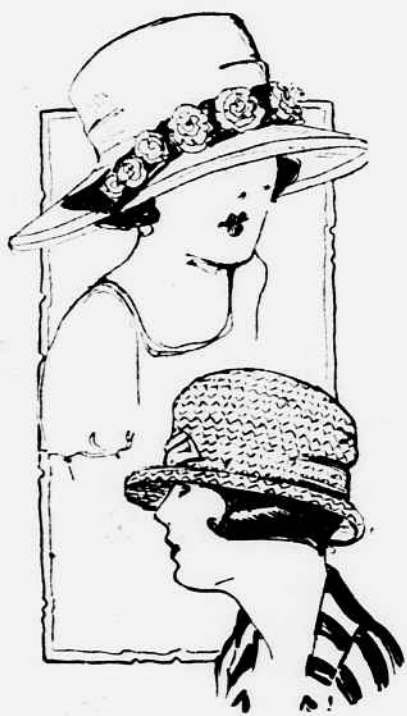

*Stitched Felt Sport Hats  
Dressy Hats of Georgette*

**\$3.95**

Like a breath from the fields are the beautiful garlands of flowers that trim the sheer GEORGETTE HATS—buttercups, poppies, asters, woodbine, dahlias, pansies, nasturtiums, jasmine, lilies of the valley, cornflowers ("ragged robin," our grandmothers called them), and the beautiful Japanese cherry blossoms that bloomed along the speedway earlier in the spring.

Then there's ostrich, foliage, French buds, applique, ribbon, self drapes and many other arrangements if you prefer them to flowers.

The Stitched Sport Hats are the sauciest you ever saw. Some crowns tilted to the most becoming angle. Row after row of fine felt stitched into a solid crown and brim and each row pinked into a fine point. Self trimming in true sport effect. All the colors you'll see at country clubs, parks, suburbs, seashore, mountains and even at home for street or motoring. If you didn't note headline, please make a mental note of the low price—\$3.95.

Colors—what a range! Palest of pastel tones, deeper hues and even navy and black if you think you'd rather have them. Orchid, rose, maize, bisque, cream, ivory, jade, turquoise, French Gray (how that soft shade does cling to the fashion color line), white, flesh and all the variations of each.
